

# Wrap your arms around wound care value creation

Partner with Mölnlycke to optimize  
wound care in skilled nursing

MÖLNLYCKE DELIVERS MÖRE **TÖTAL** VALUE™

## Your residents need assurance.

You worry that external pressures will impact the community of care they need.

**Declining occupancy rates** threaten financial stability.<sup>1</sup>  
Star Ratings<sup>2</sup> can impact referrals.

**Meanwhile, workforce challenges** lessen your capacity to add residents and deliver quality care.

**Ever-changing reimbursement models and regulations** emphasize new wound care quality requirements and metrics relevant to SNFs.

Embrace a wound care partnership with Mölnlycke and **turn obstacles into opportunity.**

# Our customized wound care program is designed to:

Improve resident experiences and treatment outcomes to **draw referrals**

**Ease burdens** of care delivery and equalize knowledge across teams

Maximize reimbursement and **unlock untapped value**

## Trusted solutions and processes that streamline handoffs

Instill confidence in referring providers by building your practice around market-leading solutions that promote care consistency. Hospitals will appreciate that you can quickly accept transfers and deliver the same care standard.

## Simplified tools and training

Wound care can be daunting. Our expert education and tools improve the experience for providers and residents alike. Comprehensive training standardizes knowledge around assessing skin integrity, identifying early-stage pressure injuries and wound management.

## Partnering for superior outcomes

Strategic consulting helps break down big rocks. Your dedicated Mölnlycke support team of post-acute care experts, clinical veterans and health economics specialists work to solve your challenges.
